APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicati	on,
and do hereby grant the same, subject to the following limitations are	ıd
conditions:	
This permit is issued subject to all existing rights source and is limited to what the well will produce but not to exce	ed the
3.5 c.f.s. It is understood that this right must allow for a reason	n-n
able lowering of the static water level at permittees well due to ground water development in the area. A substantial weir or other	type
of measuring device must be installed and measurements of water use and a method provided, either air line or opening, for measuring de	kept
to water. The State retains the right to regulate the use of the	ater
herein granted at any and all times.	
The amount of water to be appropriated shall be limited to the amount	
which can be applied to beneficial use, and not to exceed 3.5	,
whiteh can be applied to benefiteral use, and not to exteed	
cubic feet per second, and not to exceed a yearly duty of 4 acre-fee	t per
Actual construction work shall begin on or before May 23, 1956	
Proof of commencement of work shall be filed before June 23, 1956	
work must be prosecuted with reasonable diligence and be completed of	or
before May 23, 1957	. !
	:
Proof of completion of work shall be filed before June 23, 1957	
Application of water to beneficial use shall be made on or before	
	;
May 23, 1959 . Proof of the application of water to benefic	ial
use must be filed with State Engineer on or before June 23, 1959
